

General information for Incoming Student

You will find general information about your stay in Switzerland under the link of the Erasmus Student Network Switzerland: www.esn.ch

Accommodation

In principle, incoming students have to find their own accommodation. There is no student housing on the university campus at PHSZ. The following links can help you find accommodation:

www.students.ch www.wgzimmer.ch
www.wg24.ch www.immoscout24.ch
www.studentroom.ch www.roomlala.com

However, we are willing to help you find suitable accommodation. So please let us know if you require our assistance.

Health, third party liability insurance and accident insurance

You need to make sure that you have sufficient insurance coverage. Individuals staying in Switzerland for more than three months must comply with the compulsory health regulations. Exchange students who already have sufficient insurance coverage in their own country, which also covers health and accident insurance in Switzerland, are exempt. Check your insurance coverage with your medical insurance provider and ask them to issue an insurance card eg. a European Health Insurance Card. We also recommend that you conclude a third party liability insurance which is also valid abroad.

Financial matters

Within the framework of the Swiss European Mobility Programme you will receive a grant from the Schwyz University of Teacher Education which is in line with the Erasmus regulations. Depending on your individual needs, livingcosts in Switzerland are approx. CHF 1500 per month.

Visa and entry formalities

You are responsible for your visa and entry formalities. In case you need a visa, please apply in good time to the Swiss embassy or consulate in your own country. EU citizens only need a residence permit. In order to obtain this, you will need to register at the town you are staying at within 14 days after entry into Switzerland and inform them when you leave again. The permit costs between CHF 50 to CHF 100.

Detailed information, fact sheets and forms can be found at the local authorities in canton Schwyz www.sz.ch or canton Uri www.uri.ch

Travelling and public transport

Public transport in Switzerland is excellent, very reliable but also expensive. For longer stays it is worth buying a Swiss Half Fare Card. For more information see www.sbb.ch/en

Your contact

If you have questions during your stay at our university, please contact international@phsz.ch.

Module overview for Erasmus students

Bachelor of Arts in Primary Education

Modules	Duration	Tuition Language	ECTS
